Baldwin Virtual Training Safety Manager Program is Now NBAA CAM Accredited

NBAA-BACE – Las Vegas – October 11, 2021 — Baldwin Safety and Compliance has introduced its new Safety Manager Certification virtual training program and announces it has been accepted for credit toward the NBAA Certified Aviation Manager (CAM).

The Safety Manager courses are designed from a workflow perspective, therefore providing participants practical information on how to perform the day-to-day tasks of a Safety Manager. The courses encompass the key topics that a Safety Manager needs to effectively manage the organization's SMS and there is no prerequisite for Safety Management Systems (SMS) knowledge to begin the program.

The curriculum has been in development since last August and the Director of Standards for Baldwin, Jason Starke commented, "This new program not only provides a strong SMS foundation for new Safety Managers but takes a practical approach to their roles and responsibilities. Everyone at Baldwin involved in this program worked very hard over the last year to fill a training need in the industry as SMS becomes more prevalent in our industry."

Baldwin now has 15 virtual training courses approved for NBAA CAM credits, including the 12 that make up the Safety Manager Certification program. Each course is 45-75 minutes in length and broken into short modules. These courses can be purchased individually or as a discounted program package. Baldwin clients are provided supplemental videos that cover the teaching principles and how they are applied in the Baldwin Portal to reinforce the instruction."

To learn more, go to the Baldwin Virtual Training site or visit booth #3227 at NBAA-BACE in Las Vegas, October 12-14 and enter our drawing for a $595 voucher toward courses!

About Baldwin Safety & Compliance

Founded in 2004, Baldwin is a global company founded to support the implementation and maintenance of customizable safety and quality management (SMS/QMS) and related business support systems such as ASAP/ASIAS, FDM/FOQA, LOAs, MELs, and Document Management software. Baldwin conforms to ICAO, FAA, EASA, Transport Canada, and other State standards and regulatory requirements. As an IS-BAH and IS-BAO Program Support Affiliate (PSA) company, Baldwin was selected to support the IS-BAO Progressive Stage 3 program. In addition, Baldwin was also selected to support RedTail Flight Academy's training initiative, as well as an HAI-SMS Partner Provider - further supporting Baldwin's leadership position in the SMS industry. Visit www.BaldwinSMS.com or call 888.222.1212 for more information.
